

Co-Curricular Handbook

Co-Curricular Program Overview

The School Board believes in offering and maintaining a co-curricular activities program that sufficiently meets the wide range of vocational, recreational, social, and cultural needs and interests of students. As such, the Board has adopted a Key Performance Indicator to measure student involvement. HHASD offers programs at both Friess Lake Elementary School and Richfield Middle School. In addition to co-curricular activities, the district offers events for students and families at all age levels to promote engagement and connect families to the school community.

Athletic Director

Fees

Fees range in price according to activity or athletic requirements, resources, facility rentals, competition entries, and transportation. Notification about co-curricular fees will be sent to parents prior to the co-curricular activity commencing. A maximum of \$130.00 per student will be charged. Qualifying families may be eligible for financial assistance. Families can contact the District Office, for further details

Code of Conduct

Academics

Student-athletes representing the Holy Hill Area School District are expected to maintain a high-quality of academic excellence. All athletic participants must demonstrate their commitment to their work in the classroom before their success on the field or court.

Students must sit out one contest per D earned on the end-of-trimester report card. Students must sit out the next immediate contest(s). Students earning a grade of F on the end-of-trimester report card will become ineligible for a three week period. Students may participate in practices during this time. At the end of the three week period, the student's grade will be reviewed. After the three week period, students who are able to earn and maintain a grade of C or better will be fully reinstated; those who are unable to earn and maintain a grade of C or better will be removed from all team activities for the remainder of the season.

Attendance

An unexcused absence is one that the coach/advisor is not informed of the reason a student is not at a practice, meeting, or contest. Where applicable, after two unexcused absences the student has to sit out one contest. After three unexcused absences the student is dismissed from the group.

No student who has been absent for a school day may participate in an athletics activity scheduled for that afternoon or evening day without the approval of the principal.

If a student misses four contests because of unexcused absences or school conduct he/she will be dismissed from all co-curricular activities for the remainder of that season (fall, winter, or spring).

Discipline

For the second, and each subsequent major behavioral infraction, students will be required to sit out a single contest per infraction. Students must sit out the next immediate contest(s).

Students receiving an in-school suspension will be ineligible to participate in the next two contests for the first offense and the remainder of the academic year for additional suspensions. Students receiving an out-of school suspension will be ineligible to participate in the next three contests for the first offense and the remainder of the academic year for additional suspensions. If a student uses, or is in possession of tobacco, alcohol, or any other illegal substance, he/she will be dismissed from the current season's group/team and will be ineligible to participate in any group/team for a period of one calendar month; repeat infractions will result in ineligibility from any group/team for the remainder of the school year.

Appeals

Under certain circumstances the student may work out a contract with the parent, coach, athletic director, and administrator to become eligible or remain eligible for the current season of activity.
